Below you will find descriptions of sessions that are available. In order to take full advantage of the activities available, we recommend you select one session per hour. If you have one or more family members or friends in attendance, you may want to have each person attend a different session. Locations and times for events are listed inside.

**Allied Health (Physician Assistant, Physical Therapy, Pharmacy and Nursing)** - Explore how our Health Professions Advising Office helps students from majors across campus prepare for professional school in the Allied Health fields. This session will also include information about the Guaranteed Admission Pathway for students interested in earning a Bachelor's in Nursing Science (BSN) from the UMD School of Nursing.

**Carillon Communities** - If you were invited to Carillon Communities please join faculty, staff and students to learn more about the program. This living and learning program teaches emergent problem solvers strategies to drive academic success and tackle wicked problems, while exploring your interests and maximizing your college education.

**CIVICUS** - If you were invited to join or are interested in the CIVICUS living and learning program, meet faculty, staff, program alumni and current students to learn about the program and tour Sunset Hall, which houses CIVICUS. CIVICUS focuses on citizenship, leadership, community service learning, community building in a diverse society and scholarship.

**College Park Scholars** - Learn more about College Park Scholars, a vibrant living and learning community for academically talented students interested in thinking across disciplinary boundaries and applying what they learn in internships, research, education abroad and service settings. Meet with Scholars faculty, staff and students and tour a residence hall!

**Education Abroad** - Fearless Terps expand their world through study abroad! Explore all the options for studying, living, interning and discovering new cultures and cities while earning credit. All UMD students have access to a variety of programs designed to meet their academic and professional goals. Join our staff and recently returned students to learn more!

**Freshman Connection: Spring 2019 Admitted Students** - Learn how to begin your Maryland education in Fall 2018 with the Freshmen Connection Program. Earn up to 17 credits, connect to the university’s vast resources and get on track to graduate in four years. Former freshman connection students will join Freshmen Connection and Residential Life staff to answer questions throughout this informative session.

**Global Communities** - This session is for students who have been invited to join the Global Communities living and learning program. Faculty, staff and current students will discuss this program, which focuses on fostering globalization, global issues and intercultural understanding.

**Home Away From Home: Life in the Residence Hall** - Living on campus can enhance a student’s academic success. The Department of Resident Life staff will discuss campus housing options and academic support systems in the residence halls.

**IT Resources at Maryland** - Join a leader from Maryland’s Division of Information Service Technology to learn about the information technology services available to you as a student at the university.

**Legacy Lounge** - Join the Alumni Association for a facilitated panel discussion with alumni and students about how to connect with Terps across generations, what the UMD Alumni community can do for you and what it means to be a Terp! Snacks and beverages will be provided.

**Pre-Law** - Explore how our pre-law advising helps students across campus prepare for law school.

**Pre-Medicine & Pre-Dentistry** - Explore how our Health Professions Advising Office helps students from majors across campus prepare for medical and dental school.

**[H] Honors College Sessions** - If you were invited to join the Honors College, these sessions will provide more information about the living and learning program you were admitted into.

**[H] Advanced Cybersecurity Experience for Students (ACES)** - ACES develops successful forward-thinking cyber leaders who create a safer world by embracing both the technical and nontechnical aspects of cybersecurity. Please join ACES leadership and current students to learn more.

**[H] Design Cultures and Creativity (DCC)** - DCC explores links between emerging media, society, and creative practices; we are theorists and thinkers who investigate the digital age through building, designing and creating. Please join us to learn more about this program.

**[H] Entrepreneurship & Innovation Program (EIP)** - EIP is an interdisciplinary program to help students develop the entrepreneurial mindset and skill sets to launch innovative, impactful and successful concepts. Please join Program Director, Jay Smith, and current students to learn more.

**[H] Globalization, Global Issues and Interdisciplinary Studies** - This program provides inquiry-based experiences and mentorship for first-year students through membership in faculty-led innovation and research streams.

**[H] University Honors (UH)** - As the largest and most flexible living-learning program in the Honors College, UH enables students to chart paths of self-discovery as they select from among 130 multi-disciplinary seminars every year. Please join Associate Director of the Honors College, Dr. Stephan Blatti, and current students to learn more.

COLLEGE OF AGRICULTURE & NATURAL RESOURCES
- Agricultural Resource Economics
- Agronomy
- Environmental Resource Economics
- Agricultural Science and Technology
- Agricultural Education
- Animal Sciences
- Animal Care and Management
- Combined Ag/Veterinary Medicine
- Science/Pre-Professional
- Environmental Science and Policy

ENVIRONMENTAL TECHNOLOGY DESIGN
- Environmental Health
- Natural Resources Management
- Soil and Watered Science

SCHOOL OF PLANNING & PRESERVATION
- Landscape Architecture
- Nutrition and Food Science
- Ecosystem Studies
- Food Science
- Nutritional Science
- Plant Sciences
- Landscape Management
- Plant Biology
- Turf and Golf Course Management
- Urban Forestry

SCHOOL OF ARCHITECTURE, PLANNING & PRESERVATION
- Architecture
- Urban Forestry
- Turf and Golf Course Management
- Environmental Horticulture
- Agronomy
- Agricultural Education
- Special Education
- World Language Education
- Science Education
- Social Studies Education
- World Language Education
- Special Education

A. JAMES CLARK SCHOOL OF ENGINEERING
- Aerospace Engineering
- Bioengineering
- Chemical and Biomolecular Engineering
- Civil and Environmental Engineering
- Computer Engineering
- Electrical Engineering
- Fire Protection Engineering
- Materials Science and Engineering
- Mechanical Engineering

COLLEGE OF INFORMATION STUDIES
- Information Science

PHILIP MERRILL COLLEGE OF JOURNALISM
- Journalism
- Broadcast
- Multimedia

FINANCIAL AID CONSULTATIONS: 11 a.m.-1 p.m.
The Office of Student Financial Aid will offer one-on-one 15-minute consultations between 11:00 a.m. and 1:00 p.m. in the Grand Ballroom Lounge, Stamp Student Union. Due to time constraints, tickets are required. These limited tickets, available on a first-come, first-served basis, will be distributed at the Office of Student Financial Aid table during breakfast from 8-8:45 a.m.

TOURS
Campus Walking Tour - Take a 50-minute walking tour of campus led by a Maryland student. Tours depart promptly at 11 a.m., 11:30 a.m., 12 p.m., 12:30 p.m., and 1 p.m. from the Prince George’s Room, Stamp Student Union, 1st Floor. Due to space constraints, tickets are required. These limited tickets, available on a first-come, first-served basis, will be distributed at the Campus Tour table during breakfast and in the main lobby of the Stamp Student Union.

Engineering Facilities Tours - Depart from the A. James Clark School of Engineering table at 11:00 a.m. & 12:00 p.m. during Information Express.

- Space Systems Laboratory Neutral Buoyancy Tank - Explore our Neutral Buoyancy Facility; a 50ft wide, 25ft deep and 367,000-gallon water tank dedicated to making humans more productive while working in space.
- Fire Protection Engineering Laboratory - What makes a fire tornado whirl? How many candle tricks can you do? Have you ever looked inside a flame? Tour the unique fire lab facilities and see innovations in fire research.
- Keystone Laboratory - Get an overview of the Introduction to Engineering Design course as well as the Keystone program that focuses on support and retention within the first two years of engineering at Maryland.

Eppley Recreation Center Tour - Take a 30-minute tour of the recreation/fitness center. Tour departs at 1:00 p.m. from Information Express.

Language House Tour - Visit the Language House, in St. Mary’s Hall, to learn about this exciting language-immersion living and learning program that helps students study and develop fluency in one of ten languages. Tour departs at 12:00 p.m. from the Lounge (Room 0106), St. Mary’s Hall, across from the Stamp Student Union.

Residence Hall Tour - Join Resident Life staff and current students to learn more about the Maryland residence halls and enjoy a guided tour through a residence hall. Tours will originate from Denton Hall & Ellcott Hall (check out the TERpLife app for a map) and are open for visitors from 11:30 a.m. to 2:30 p.m. For any additional questions, please stop by the Resident Life table at Information Express.
